

SAP CLOUD 4 SALES

**+ SALES
+ EFFICIENCY
+ MOBILITY**

OBJECTIVE:

A solution that allows those leading the sales and marketing teams in your company to work more intuitively and efficiently and, so, contribute to a more effective management of your client portfolio.

Presentation of SAP CLOUD FOR BUSINESS

IN A SINGLE CLICK. SIMPLE.

Implement collaborative processes in your company

Update indicators and get access to information in real time

Manage your accounts and your company, at any time and from anywhere

Improve communication across the whole sales network

Filter for the information you really need for your decision-making and strategy planning

We believe that this solution will help your company improve its sales performance and drive collaboration and integration.

The PROCENSUS team can deliver specific expertise in the SAP Cloud for Sales solution required to support your company's attainment of its objectives and the modernisation of its structures

ARE YOU READY TO TAKE THE FIRST STEP TOWARDS SIMPLIFYING YOUR COMPANY?

From your current accounts and new opportunities through to your competitors and new products, everything you might need is built into SAP Cloud for Sales.

**YOUR PROJECTS.
SIMPLER.**
